

- Stock and Custom Sizes Available With or Without Vision Lite
- Level 1 or Level 3 Protection Available
- Higher Protection Levels Available Upon Request
- Order Form Available Online at [crlaurence.com](http://crlaurence.com)

Bullet Resistant Doors and Frames are for interior or exterior use, and are manufactured to meet U.L. 752 Level 1 or Level 3 Protection. Available with or without Vision Windows, all doors and frames are fabricated from prime quality cold rolled steel, and include a baked-on rust inhibitive oxide primer. Vision Windows are glazed with bullet resistant glass.

Standard components include: Continuous Geared Aluminum Hinge; Surface Mounted Door Closer; Keyed Cylinder Lock; Standard Lever Handles. Custom sizes, higher protection levels, colors and options are available on special order. **NOTE:** Exterior use requires a threshold, which can be ordered separately.
