

# One-Way Viewing Box

- **Used in Retail Stores for Security and Surveillance**

Designed to permit a full view of any retail store environment. The transparent mirror coating gives store security personnel excellent visibility without being seen. They are a good investment anytime safety and security are a concern. Manufactured using one-way mirror enclosed in an ash wood unfinished frame that can be stained or painted to the finish of your choice.

Mirror Size: 18" (457 mm) high x 14-1/2" (368 mm) wide. Minimum order is one each.
